### **Home Enrichment Activities:**

- Have your child help you plan Father's Day! Ask them to help you with things like what his gift should be and what you all should do as a family.
- Remind your child that God is our Heavenly Father. Encourage them by telling them that God never makes mistakes and He made them exactly the right way! Our Heavenly Father loves us so much!
- Take a trip to the local tide pools to check out many different kinds of cool sea creatures God made! Abalone Cove, in Palos Verdes, is one of my favorite tide pools to visit!
- Make a tasty ocean treat with your child! Follow the directions on a package of blue Jell-O. Before you put the Jell-O in the fridge to set, mix in some gummy fish and gummy octopi! When it's set, you'll have a fun and delicious ocean scene!
- Measure and cut a rope to be about 100 feet long. Ask your child how what they think the biggest animal is and how big it is. After discussing this with your child, reveal the rope! Have your child unwind it to reveal the length of a blue whale! Then, have your child estimate how many of their lengths it would take to measure up to the whale. Test out their estimate to see how close they got!
- Practice your child's Bible verse together as a family. Then, discuss things that change: leaves in fall, favorite foods, your child's height. Remind your child of what God's Word tells us in Hebrews 13:8, "Jesus Christ is the same forever"! Jesus is *always* kind, good, and in charge and He *always* loves us!
