Home Enrichment Activities:

- Create a pet and their home matching game to play with your child. Follow this link for the free print-out: <https://www.totschooling.net/2016/09/pets-homes-matching-printable-activity.html?m=1>.
- Engage your child in helping to take care of a pet, whether that be your family pet or a pretend "pet". Ask your child what needs to be done to take care of the pet. Does it need to be fed? Does something need to be cleaned? Do they need to get some exercise? Have fun caring for the "pet"!
- Invite your child to make a colorful coat, like Joseph's, out of different materials, such as streamers, paper, or different pieces of clothing. Remind your child that even though Joseph's coat made his brothers jealous, God was with Joseph and He is always with us!

Love in Christ,
Miss Karen Neilson
