Home Enrichment Activities:

- Have some fun exercising with your child! You can stretch, run, jump, etc. After each exercise, ask your child which part of the body they used.

- Follow this link for a fun body diagram to create with your child to help them learn the parts of the body: <https://www.fantasticfunandlearning.com/all-about-me-preschool-science.html>.

- Remind your child that we can praise God for everything He has given us and everything He has done for us. Ask your child to make something, using building blocks, that they can praise God for. Let their imaginations and creativity run wild. Celebrate all of the creations and praise God together for all He has given us, because God takes care of us!

Special Snack: Monday-Wednesday-Friday and five-day students will be having a special snack next Friday, August 23rd. Please use the sign-up on the window if you wish to donate items. Thank you!
