Unit of Study: Reptiles

Bible Story: Healing the Paralytic

Shape: Square **Number:** 9 **Color:** Green

Share Time: Students may bring a reptile book, reptile picture, or stuffed reptile animal to share with the class.

Birthday Wishes: I would like to wish a "Happy Birthday" to Kira on May 9th!

Spring Program: Our Spring Program is this Friday, May 13th, at 4:00 p.m. The school will close at **3:00 p.m.** on this day. Please arrive in the classroom by 3:45 p.m. Please make sure your child goes to the bathroom before the performance, if they are in underwear. Have your child wear their orange-yellow L.S.O.T.W. shirt and jeans for our program. Please let me know if your child will not be attending. Thank you for your cooperation.

Classical Music: Our composer for the month: Johann Sebastian Bach

Enrichment Activities:

- Read a book about reptiles. Please have your child point to the picture and name the reptile.
- Have your child take a deep breath. Explain that they are breathing oxygen (air) into their lungs. Reptiles do the same; they have lungs for breathing also.
- Thank God for creating reptiles, so that we can enjoy learning about them!
- Go on a shape hunt around your house and see how many square shaped items you and your child can find!
- Please read Luke 5:17-26. In this story, there was a man who was unable to walk. The word for this is paralyzed. His friends wanted to take him to see Jesus. His friends had to carry him to where Jesus was. When they got to the house, it was filled with so many people that the man's friends had to take him to the roof. They had to cut a hole in the roof and then they lowered their friend down to Jesus. Jesus said the man's sins were forgiven and then He did, indeed, heal the man. He told the man to get up. The man obeyed Jesus and got up, and he was able to walk! We can use our legs to walk, too! It must have so exciting to see Jesus perform another miracle!

God Bless!
