Home Enrichment Activities:

- Use your five senses to explore popcorn! Before you pop the popcorn, have your child look at the kernels (or show them a picture of popcorn kernels if you are using microwave popcorn). What do they look like? Listen to the popcorn as it cooks and talk about what sounds you hear. Can you smell the popcorn yet? When the popcorn is ready, discuss how its appearance has changed. How does the popcorn feel? Greasy? Warm? Finally, you get to taste the popcorn! Talk about whether it tastes sweet, sour, or salty! Review how you have used all five senses to discover all different kinds of things about your snack!
- Practice skipping (step – hop – step – hop) and galloping (step – together – step) with your child this week.
- Play "Simon Says" with your child. Then, discuss this week's Bible story together. Did Pharaoh do what God said to do? No! He didn't! Should we do what God tells us to do? Yes, we should!

God Bless,
