Home Enrichment Activities:

- Take a walk with your child. As you are going, help your child collect some leaves that have fallen to the ground. When you get home, have fun counting how many different kinds of leaves you found, and then compare the leaves' shapes and colors.
- Create an autumn sensory bin with your child. You can fill it with items such as kernels of corn, dried leaves, and seeds. Use plastic spoons and cups to practice scooping and pouring for some fine motor development fun!
- This week, we are talking about how God used Moses to rescue the Israelites from Pharaoh. Take some time this week to talk to your child about how God can use them to help those around them. After, take some time to pray, thanking God for the plan He has for their life and asking Him to guide them.

Love in Christ,
Mrs. Karen Clements
