## Home Enrichment Activities:

- **Make "bird watcher" binoculars** with your child: cut an empty paper towel roll in half and tape them together to look like binoculars. Your child can decorate them any way they like. Attach string if you wish, to wear them around your neck. Then, go to the park to go bird watching!
- **Go to a local duck pond and observe the ducks!** Ask your child to count and describe the ducks. What colors are on the ducks? How many ducks are there?
- **Create a bird feeder** with your child! Spread nut butter on a pinecone and roll it in bird seed. Hang it somewhere outside where it will be easy to spot birds as they eat their snack!
- **Read the Bible story (Luke 19:1-10) together with your family.** This week, we are talking about how Jesus loved Zacchaeus even though other people didn't like him. (Jesus cares for everyone!) So, **set up a play date**, or encourage your child to play with their siblings or neighborhood friends to spend time with them and show they care!

God bless you!
