

MISS NEILSON'S

Weekly Newsletter
August 26-30, 2024

Weekly Academics:

Letter: D

Number: 4

Color: Green

Shape: Square

Unit of Study: My Family – My Friends

Bible Story: Building the Ark, The Big Flood, The First Rainbow

Big Idea: God keeps His promises!

Share Time: Children may bring something that reminds them of their family!

Featured Composer: Johann Sebastian Bach

Home Enrichment Activities:

- Have some extra family time this week with your child. As you are all engaging with each other, remind your child about how family sticks together and has fun together. You can even go deeper and remind them that we are all part of God's family!
- Make an effort to encourage your child's friendships. Ask your child about any friends he or she has made at school, church, the park, etc. Find another family who has a child around the same age as your child and set up a play date for them!
- Have fun with colorful goldfish crackers and a fun snack! First, empty a bag of colorful goldfish crackers on a plate or napkin. Then, work together with your child to arrange the different colors on the plate/napkin to make a rainbow. Remind your child that God gave us the first rainbow when He promised to never flood the Earth again. Remind your child that God's promises are true, and He always keeps his promises!

Special Snack: Tuesday-Thursday students and five-day students will be having a special snack this Thursday, August 29th. Thank you to those that have signed up. Please bring the items in by this Thursday.

Love in Christ,
Miss Karen Neilson
