### Home Enrichment Activities:

- Take a walk outside, in your neighborhood, with your child and see if you can find different colored leaves and different shaped leaves. Talk about how the season of Fall is the time of year where the leaves start to change color and start to fall off of the trees.
- Create an autumn sensory bin with your child. You can fill it with items such as kernels of corn, dried leaves, and seeds. Use plastic spoons and cups to practice scooping and pouring for some fine motor development fun!
- God is good! Talk to your child about how in times of difficulties, stress, ups and downs that God is always going to be there for us, as long as we have Jesus in our heart and accept Him as our savior. There is nothing that He can't do for us as long as we trust in Him! We have the freedom to worship Him and praise Him in the midst of the storms in our lives, and no one can take that away from us.
