- As you begin to plan your Thanksgiving meal, ask your child to help you plan the menu and even make some of the food. Maybe they can help set the table or help making some dessert. Have fun working together to prepare for your Thanksgiving feast!
- Each day this week, ask your child for one thing that they are thankful for. After, pray and thank God for the thing they thought of that day.
- Have a conversation with your child about a time that was scary to them. Talk to them about how Daniel was thrown into a lions' den, which is scary. Remind them that God was with Daniel and made him brave, just like God makes us brave. Say a prayer with your child, thanking God for being with them and making them brave like Daniel in the lions' den.
