Home Enrichment Activities:

- Create a weather chart with your child, out of poster board or cardboard. Your child can paint it and decorate it to their liking. They can label the parts of the poster as sunny, cloudy, rainy, cold, windy, foggy, partly sunny, etc.
- Go online to view the weather for your city. Discuss with your child what the weather will be like for the day. You can show them the pictures of the daily weather online. Make it part of the morning routine each day to check the weather with your child.
- God made all things, including the weather, and He can control it. In your Bible read the passage of Jesus calming the storm to your child. It is found in Mark 4:35-41.
