June 13 - 17, 2022

Unit of Study: Marine life, Father's Day

Bible Story: Lazarus

Share Time: The students may bring in something associated with an animal that lives in the ocean. Share days are on **Thursday** for the T/TH students and **Friday** for the M/W/F and 5 day students.

Special Snack: This Thursday, June 16th, we will eat Goldfish crackers and Jello. Please use the sign-up sheet on the classroom window if you would like to help provide this special snack.

Home Enrichment Activities:

- Review our weekly Bible story "Lazarus" (John 11:25). Lazarus was alive! Everyone was happy! They thanked Jesus who was indeed the Son of God.
- Take your family to the Aquarium of the Pacific in Long Beach and enjoy a day of family fun.
- Buy tickets to go on a whale watching cruise. There are many cruises offered all along the coast. You just might spot a whale, dolphin, or some playful seals.
- Have some fun family "crab races". Walk sideways on your hands and feet with your tummy facing up.
- Make a special treat for your father, grandpa, uncle or a special father you know.

Have a blessed Father's
Day!!
